Mr. Harry Chapman,  
Philadelphia, Pa.

Dear Sir:-

It has recently been called to our attention  
that you are in possession of a 1794 dollar for which you paid \$240 at  
a recent London auction. It is our desire, with your assistance, to pre-  
sent the subject, through the newspapers or magazines, to the public in a  
manner which shall be both dignified and interesting.

We would appreciate it if you would send us what-  
ever details you care to have published concerning this very old dollar  
and in whose possession it was before you obtained it. and as all material  
we put forth is fully illustrated we would request that you send us a photo-  
graph of the coin, if possible of both obverse and reverse sides. This re-  
quest for photographs is important as none of our matter is available for  
publication unless illustrated.

We assure you that it will be our object to pre-  
pare the article along such lines as will be in every way satisfactory,  
taking great care to make same both dignified and authentic.  
Awaiting your advices, we are,

Yours very truly,

THE UNION BUREAU OF NEWS.

P.S.--Will you kindly refer, in answering, to #153. We omitted to stat  
that it will be our pleasure to mail you copies of article or publication.
